(2) Definition. DHS defines “PII” as any information that permits the identity of an individual to be directly or indirectly inferred, including any information that is linked or linkable to that individual. Recipients may also find the DHS Privacy Impact Assessments: Privacy Guidance and Privacy Template as useful resources respectively.
Article 45	**Non-Supplanting Requirements** Recipients of federal awards under programs that prohibit supplanting by law must ensure that federal funds supplement but do not supplant non-federal funds that, in the absence of such federal funds, would otherwise have been made available for the same purpose.

Article 49	**Environmental Planning and Historic Preservation (EHP) Review** FEMA funded activities that could impact the environment and historic properties are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the recipient to comply with all federal, state, and local laws. FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; Endangered Species Act; National Historic Preservation Act of 1966, as amended; Clean Water Act; Clean Air Act; National Flood Insurance Program regulations; and any other applicable laws, regulations and executive orders (EO). General guidance for FEMA's EHP process is available on FEMA.gov. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program. Applicants should contact their grant program officer to be put in contact with EHP staff responsible for assisting with their specific grant program. The FEMA EHP review process must be completed before funds are released to carry out the proposed project. Otherwise, FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies. FEMA may also need to perform a project closeout review to ensure the applicant complied with all required EHP conditions identified in the initial review. If ground is disturbed during construction, the applicant will monitor the ground disturbance, and if any potential archaeological resources are discovered, the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and FEMA. EO 11988, Floodplain Management, and EO 11990, Protection of Wetlands, require that all federal actions in or affecting the floodplain or wetlands be reviewed for opportunities to relocate, and be evaluated for social, economic, historical, environmental, legal, and safety considerations. FEMA's regulations at 44 C.F.R. Part 9 implement the EOs and require an eight-step review process if a proposed action is in a floodplain or wetland or has the potential to affect or be affected by a floodplain or wetland.
Article 50	**Applicability of DHS Standard Terms and Conditions to Tribal Nations** The DHS Standard Terms and Conditions are a restatement of general requirements imposed upon recipients and flow down to sub-recipients as a matter of law, regulation, or executive order. If the requirement does not apply to Tribal Nations, or there is a federal law or regulation exempting its application to Tribal Nations, then the acceptance by Tribal Nations, or acquiescence to DHS Standard Terms and Conditions does not change or alter its inapplicability to a Tribal Nation. The execution of grant documents is not intended to change, alter, amend, or impose additional liability or responsibility upon the Tribal Nations where it does not already exist.
Article 51	**Acceptance of Post Award Changes** Should FEMA determine that an error has been made in the award package, or if an administrative change must be made to the award package, recipients will be notified of the change in writing. Once the notification has been made, any subsequent requests for funds will indicate recipient acceptance of the changes to the award. Please email FEMA Grant Management Operations at ASK-GMD@fema.dhs.gov for any questions.

State recipients must follow the disposition requirements in accordance with state laws and procedures noted in 2 C.F.R. § 200.313(b). Tribal Nations must follow the disposition requirements in accordance with tribal laws and procedures noted in 2 C.F.R. § 200.313(b); and if such laws and procedures do not exist, then Tribal Nations must follow the disposition instructions in 2 C.F.R. § 200.313(e).
Article 53	**Prior Approval for Modification of Approved Budget** Before making any change to the FEMA approved budget for this award, a written request must be submitted and approved by FEMA as required by 2 C.F.R. § 200.308. For purposes of non-construction projects, FEMA is using its discretion to impose an additional restriction under 2 C.F.R. § 200.308(i) regarding the transfer of funds among direct cost categories, programs, functions, or activities. For awards with an approved budget where the federal share is greater than the simplified acquisition threshold (currently $350,000) and where the cumulative amount of such transfers exceeds or is expected to exceed 10% of the total budget FEMA last approved, transferring funds among direct cost categories, programs, functions, or activities is unallowable without prior written approval from FEMA. For purposes of awards that support both construction and non-construction work, 2 C.F.R. § 200.308(f)(9) requires the recipient to obtain prior written approval from FEMA before making any fund or budget transfers between the two types of work. Any deviations from a FEMA approved budget must be reported in the first Federal Financial Report (SF-425) that is submitted following any budget deviation, regardless of whether the budget deviation requires prior written approval.

This requirement applies to all subawards, contracts, and purchase orders for work performed, or products supplied under the FEMA award subject to BABAA.

Article 55	**Award Performance Goals** FEMA will measure the recipient's performance of the grant by comparing the number of items requested in its application, the numbers acquired (ordered, paid, and received) within the period of performance. In order to measure performance, FEMA may request information throughout the period of performance. In its final performance report submitted at closeout, the recipient is required to report on the recipients compliance with the applicable industry, local, state and national standards described in the NOFO.
Article 56	**Indirect Cost Rate** 2 C.F.R. § 200.211(b)(16) requires the terms of the award to include the indirect cost rate for the federal award. If applicable, the approved indirect cost rate associated with the award must be documented in the budget or other award materials approved by FEMA and maintained in the official award file.
